When history, science observation, supe stition and current events all conforeshadowing calamities to mankind, is it wise to di-regard their admonitions, and refuse by human effort to guard against disaster and ruin?

The importance of this subject to every citizen of the State, is my reason for addressing you in this public manner.

Very respectfully yours.

Glory Enough for Little Delaware,

Philadelphia Times. LITTLE DELAWARE, with its big Presidential candidate, endures the sneer about the size of the State with great composure, Delaward feels as though It bore about the same relation to the rest of the country that a man's head does to his body. It car the brains, and that's glory enough for

In the present Wisconsin Lagislature the
